The undersigned makes application for water service from BCRWD#4 and if granted agrees to the following;
The legal owner of the property must sign this application.

- 1) Acquire one (1) water right shown by the issuing of a Water Benefit Certificate by BCRWD#4.
- 2) Pay a minimum monthly fee and water at the current rate set by the Board of Directors of BCRWD#4. Changes made from time to time by the Board of Directors shall become a part of this agreement.
- 3) The meters shall be read by the District and bills mailed by the 5th of the month. Payments are due by the 15th of the month with a 10% penalty for late payments. Payments more than one (1) month past due shall result in the discontinuance of service. Failure to pay for more than six (6) months shall result in the forfeiture of the meter. When this happens, the donation required to obtain a water right shall be forfeited and an additional donation of \$700 plus all fees and charges will be required to resume water service per the rules and regulations as set forth by the Board of Directors.
- 4) Water service shall be for only a single residence or business and shall not be resold to any other entity.
- 5) District water service shall not be interconnected in any way with any private water supply. The District reserves the right at any reasonable time to come on the premises to check for a cross connection. Any interconnection shall be grounds for termination of water service.
- 6) Termination of water service for any reason shall cause the forfeiture of the donation to the District and if water service is requested at any future date a new application and donation will be required.
- 7) The laws of the state of Kansas, the By-Laws of the District, and the Rules and Regulations of the District, as presently existing and may be amended from time to time, are made a part of this agreement.
- 8) The tract of property which this benefit unit is assigned is specifically described as follows:
